GENERAL INFORMATION

The Spring Quarter of the West Tennessee State Teachers College, session 1929-30, will begin Monday, March 20, 1930, and continue for twelve weeks. The Summer Quarter will begin on June 11th and continue for twelve weeks. Both the Spring and Summer Quarters will be divided into two terms of six weeks each. In both quarters some courses will be given for six weeks and some for twelve weeks. Students may register for the whole quarter or for either term and credit may be made accordingly.

Credit will not be given for less than six weeks' attendance. Students desiring credit for six weeks' work should register not later than the second day of the term, and full credit for a six weeks' term will not be allowed for a later registration. To count credit made during a six weeks' term toward the renewal of a certificate the student must register not later than the second day of the term; and to count a quarter's credit toward certificate or renewal, registration must be completed on or before the fourth day of the quarter. Students desiring full credit for a quarter's work must register during the first week of the quarter.

The Spring and Summer Quarters are being divided into terms of six weeks each in order to accommodate teachers desiring certificates, or the renewal of certificates, who may not be able to stay for the entire Spring or Summer Quarter. Students may make a full quarter's work by attending the first term of the Fall Quarter and one term of the Spring or Summer Quarter, or by attending the last term of the Spring Quarter and the first term of the Summer Quarter. There will be a limited number of courses which may be taken in this way and many teachers may be accommodated thereby.

SPECIAL SPRING-SUMMER QUARTER

The College is making arrangements for a special Spring-Summer Quarter to begin April 30th and close July 23rd. This quarter's work is being arranged to accommodate many teachers who desire a full quarter's work and who are unable to attend one of the regular quarters of the College. New teachers have been engaged to offer courses for the special Spring-Summer Quarter, and in every department of the College there will be full quarter courses covering a quarter's work. Students entering for the Spring-Summer Quarter and continuing for the whole quarter will be charged only the regular fees for a quarter's attendance.

Courses beginning in the Spring-Summer Quarter are listed under each department in this bulletin. New students entering at that time may take any of these courses or they may register for the second half of any of the courses offered for the Spring Quarter for which they are prepared.

REDUCED RAILROAD RATES

Students expecting to attend during the Spring-Summer or Summer Quarters may secure certificates for reduced railroad rates by applying to the College.

ENTRANCE REQUIREMENTS

For unconditional entrance to the freshman class, the applicant must be at least sixteen years of age and must be a graduate of a standard four-year high school accredited by the State Department of Education or by the Commission on Accredited Schools of the Southern Association

of Colleges and Secondary Schools, with at least fifteen approved high school units.

Teachers and prospective teachers, twenty-one years of age and over, who have not completed four years of high school work may be admitted as special students and allowed to take such courses as they are prepared for, provided that such special students must satisfy all entrance requirements to qualify for diploma or degree, and that these entrance requirements must be satisfied during the first year of attendance.

Such teachers will find many courses in the curricula offered adapted to their needs—courses dealing with common school branches and other phases of the elementary education, as well as courses on special subjects beginning in the freshman year. The Summer Quarter will offer regular college courses, and also many courses bearing on elementary and high school work, with a wide variety of professional courses that will appeal to all teachers.

EXPENSES OF STUDENTS

All students pay a registration fee of \$5.00 and student activity fee of \$3.00 each quarter, and breakage fee of \$1.00 once a year.

The additional expenses for boarding students during the Spring Quarter and the Spring-Summer Quarter are: board, \$45.00; room rent, \$21.00; laundry, \$9.00; making a total of \$84.00 for the quarter, exclusive of laboratory fees. Where it is necessary to place three students in a room during the quarter, or for a period of six weeks, the room rent for that period will be at the rate of \$18.00 per quarter for each student.

The expenses for boarding students for a six weeks term are board, \$24.00; room rent, \$10.50; laundry, \$4.50; which, with the \$9.00 required of each student as above, makes a total of \$48.00, exclusive of laboratory fees.

Rooms are rented by the quarter and no reduction will be made for late registration or for absence of less than one month. Board is charged from the beginning of the term and no reduction is allowed for late registration. Students absent from the dining hall for two weeks or more on account of illness or withdrawal from school before the close of the term will be entitled to a refund. The registration fee is never refunded.

All fees are payable in advance. By special arrangement, board, lodging and laundry fees may be paid by the month in advance; in such case an extra charge of 5 per cent of the amount deferred will be made.

TUITION

Students, residents of Tennessee, who sign a pledge to teach school in Tennessee pay no tuition. Non-residents and residents who do not sign the pledge, pay tuition of \$30.00 per quarter.

LABORATORY FEES

The following fees are charged students pursuing courses in the several departments to cover materials used:

All courses in Biology, Manual Training and Physics, \$1.00 each per quarter; Drawing, 50 cents each; Chemistry, \$2.50 each.

Home Economics, 100, 101, 102, 300, 301, 302, 303, 307, 410 and 411, 50 cents each; 204, 304, 306, \$2.50 each; 205, 206, \$3.50 each; 413, \$5.00.

Education, 204, 50 cents; Education, 304, \$1.00.

Music, 130, 131, 132, 230, 231, 232, \$1.00 each; 180, 181, 182, \$2.00 each.

Commerce, all courses in Typewriting, \$1.00 each.

DORMITORIES

The College maintains two dormitories, Mynders Hall for ladies and the Men's Dormitory. Students boarding away from home are expected to live in the dormitories. This regulation is made because the College authorities believe that students cannot otherwise enjoy all the advantages of college attendance. Young lady students away from home having immediate relatives of the family in Memphis or near the College may board with them. Other students will not be permitted to live outside of the dormitory except for satisfactory reason upon the written request of the parent or guardian, and then only in homes approved by the College authorities.

All arrangements for board outside of the dormitory must be approved by the College, and except in homes of immediate relatives, must be made through the College.

RESERVATIONS

It is very important that those who expect to attend the College should write to the President and have room reserved as soon as they definitely determine to attend. A deposit fee of \$3.00 is required for reservation which will be credited on the expenses for the term. The reservation fee will not be refunded unless notice of cancellation is given to the College authorities four days before the beginning of the quarter for which reservation is made.

COURSES OFFERED IN THE SPRING AND SPRING-SUMMER QUARTERS 1929-30

Below is a list of the courses offered in the Spring and Spring-Summer Quarters. They are described in the general catalogue, a copy of which can be secured by application. New students may enter any courses for which they are prepared. Figures in parenthesis indicate the number of quarter hours of credit.

For the benefit of teachers in service, certain classes have been scheduled at 3:00, and others at 4:00, Mondays, Wednesdays and Fridays. A teacher doing full time teaching may carry six hours each quarter on the approval of the Board of Education employing him, but not more than six hours.
